

## **Extender for Microsoft Dynamics® GP 10.0**

### **Overview**

This one day offering explores the Extender module of Microsoft Dynamics GP 10.0. Extender in Microsoft Dynamics GP is a third party product designed to enhance Microsoft Dynamics GP by allowing users to capture user-defined information to meet specific business requirements. Use the product to create new windows or capture detailed notes without writing code. This content gives first time users experience with the product.
