

Using Microsoft SQL Reporting Services for Microsoft Dynamics® GP 10.0

Overview

This one day offering, Using Microsoft SQL Reporting Services for Microsoft Dynamics GP 10.0, explores report design, creation, enhancement and deployment.

Recommended CPE Credit: 7.50 Hours, Specialized Knowledge and Application**

Delivery Method: Group-Live

Class Level: 300 Advanced

You will Learn

- The benefits of using SQL Server Reporting services with Microsoft Dynamics GP
- Install the SQL Server Reporting Services Wizard
- How to deploy data connections and reports and make them available in Microsoft Dynamics GP
- Learn where data is stored and where information exists in Microsoft Dynamics GP
- Identify table relationships to assist in creating SQL statements
- Publish reports with Report Designer and view them in the Report Manager

Target Audience

The audience for this course includes individuals who plan to implement, configure, consult, or support Microsoft Dynamics GP. The class is targeted toward application administrators, implementers, and end users of the reports who need to understand technical aspects of using Microsoft SQL Server Reporting Services together with Microsoft Dynamics GP and gain foundational knowledge of the application functionality and capabilities. The class audience would include partners and customers who want to modify existing reports or create their own custom reports using Microsoft SQL Server Reporting Services.

Software Requirements:

- SQL 2005 or SQL 2008 for best use of product

Prerequisites

- Experience with SQL Server Reporting Services
- General knowledge of Microsoft Dynamics GP 10.0
- General knowledge of Microsoft SQL Server 2005

Agenda

- 1 Day Offering: 8:00 AM – 5:00 PM.
- List the benefits of using SQL Server Reporting Services together with Microsoft Dynamics GP.
- Install the SQL Server Reporting Services Wizard.
- List available reports, models, and data sources.

- Demonstrate how to deploy data connections and reports, and make reports available in Microsoft Dynamics GP.
- Make reports available on the My Reports list.
- Explain the components of SQL Server Reporting Services.
- Explain data regions available on reports and how they can be used.
- Determine the needs for a report.
- Describe how data is stored in Microsoft Dynamics GP.
- Determine where information exists in Microsoft Dynamics GP.
- Identify main tables, sorting and restricting requirements.
- Identify table relationships to assist in creating SQL statements or stored procedures.
- Describe global collections that can be used on a report.
- Create a report, data source, and data set.
- Enhance a report by making modifications to the layout.
- Show how to modify properties of items on a report.
- Describe and use parameters.
- Publish reports with Report Designer and view them in Report Manager.
- Describe subscriptions and when to use them.
- Describe and create a report model.
- Use Report Builder to work with entities and folders, group, sort, and filter data, and view and publish a report.
- Hands on labs throughout session to reinforce learning

*Agenda is subject to change.

Cancellation/Refund Policy

Classes are subject to cancellation by Integrated Business Group. Cancellations by Integrated Business Group will be made ten business days prior to the start date of the class. (Integrated Business Group assumes no responsibility for non-refundable airline tickets or other expenses that may be incurred due to cancellation.)

If a registered student cancels their confirmed attendance:

- Up to 14 days prior to the start date of the course, 100% of the course fee will be refunded. If a credit card was provided as payment during registration, the card will not be charged.
- Student cancellations less than 14 days prior to start date of the course will result in 100% forfeited class fee.
- Failure to attend class without notifying Integrated Business Group will be considered a “No Show” and the entire course fee will be forfeited.

****Official Registry Statement**

Integrated Business Group is registered with the National Association of State Boards of Accountancy (NASBA) as a sponsor of continuing professional education on the National Registry of CPE Sponsors. State boards of accountancy have final authority on the acceptance of individual courses for CPE credit. Complaints regarding registered sponsors may be addressed to the National Registry of CPE Sponsors, 150 Fourth Avenue North, Suite 700, Nashville, TN 37219-2417. Web site: www.nasba.org.
